

Ting Orthodontics New Patient Records Policy

Welcome to your complimentary Orthodontic Consultation. Our team here at Ting Orthodontics will be taking 2 X-rays (a Panoramic and Lateral Cephalometric) as well as diagnostic photographs to aid Dr. Ting in diagnosing the best treatment option(s) for you.

Patients/Parents are not financially responsible for the above mentioned X-rays and photos. In the event that you should need these to be forwarded outside of our office for your personal use or to any other party.

This document will serve as a Release of Records should you choose to purchase the records from us and also acknowledges that you that you understand and accept these terms.

The cost of the set of two X-rays is \$75.00 combined and the cost of the complete set of diagnostic photographs is also \$75.00; a total of \$150.00.
